Subject: Notice of ECR (Emergency Cost Recovery) Surcharge Increase on Korea–Japan Trade

1. We would like to express our sincere appreciation for your continued support and use of our services.

2. Due to prolonged military tensions and ongoing conflicts in the Middle East, uncertainty in the global situation has increased. As a result, volatility in international oil prices, fuel costs, and vessel operating expenses have continued to rise, placing additional pressure on Korea–Japan service operations.

3. Accordingly, in order to maintain stable service operations and transportation quality, we regret to inform you that the ECR (Emergency Cost Recovery) Surcharge will be increased as follows. We kindly ask for your understanding and cooperation.

- Surcharge : ECR (Emergency Cost Recovery)
- Payment Term : Collect (Destination)
- Trade : All Korea–Japan routes
- Applicable Cargo: Export and Import Cargo
- Effective Date: October 19, 2026, based on the vessel departure date
- Current Rate: USD 50 / 20FT, USD 100 / 40FT
- Revised Rate: USD 80 / 20FT, USD 160 / 40FT
